

YEAR 2014

NOTICE OF CONTINUING EDUCATION

INSTRUCTION PAGE

This year the Regulatory and Economic Resources Department (RER) in cooperation with Miami Dade College is pleased to present the continuing education program for Board of Rules and Appeals certified personnel. Twelve hours of training, applicable to everyone, will be provided. Individual four (4) hour seminars directed at each specific trade will also be presented. All seminars will satisfy the 16 hours of biennial continuing education credit necessary for recertification by the Board of Rules and Appeals. Additionally, two Saturday sessions have been added to allow greater flexibility in ensuring attendance while maintaining department staffing levels. These seminars may also satisfy continuing education requirements for the Building Code Administrators and Inspectors Board, the Construction Trades Qualifying Board, Electrical Contractors' Licensing Board, the Board of Architecture or the Construction Industry Licensing Board.
